

Ecom International Co., Ltd

Technical Specification

Technical Specification

	HVPS-030	HVPS-050	HVPS-080
Power Consumption	30 Watts	50 Watts	80 Watts
Electrical Supply	100~240VAC 50/60Hz	100~240VAC 50/60Hz	100~240VAC 50/60Hz
Max Air Volume	up to 0.7m3/sec	up to 1.4m3/sec	up to 2.1m3/sec

Features

Full range power input.

Adjustable dual high voltage output for ESP application.

Thermo protection, Spark protection.

Input/Output power status indicating interfaces.

High reliability, high efficiency, low power consumption, and 100% made in Taiwan.

Specifications

Input voltage : 100~240VAC 50/60Hz

Output voltage : LV : +2.5K~+7.5KVDC & HV : +5.0K~+15KVDC (adjustable)

Power consumption : 30W/50W/80W-2P (adjustable)

Spark protection : 70% output during continuous sparks, recover to 100% output after 6 seconds.

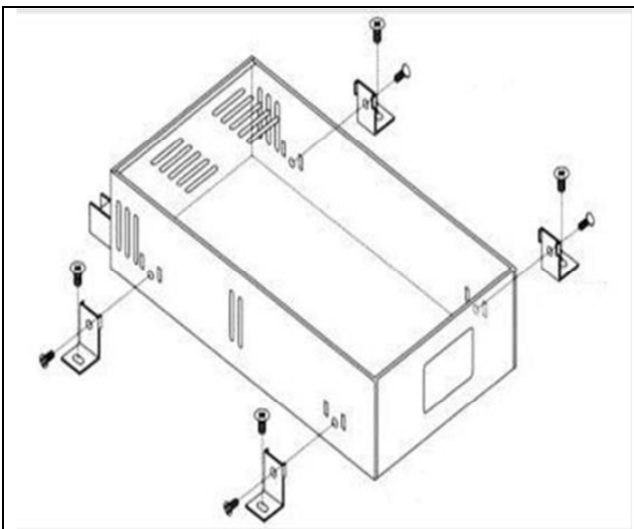

Thermo protection : HV output suspended when temperature of transformer overs 80°C

Terminal block : 300V 16A 24-14AWG

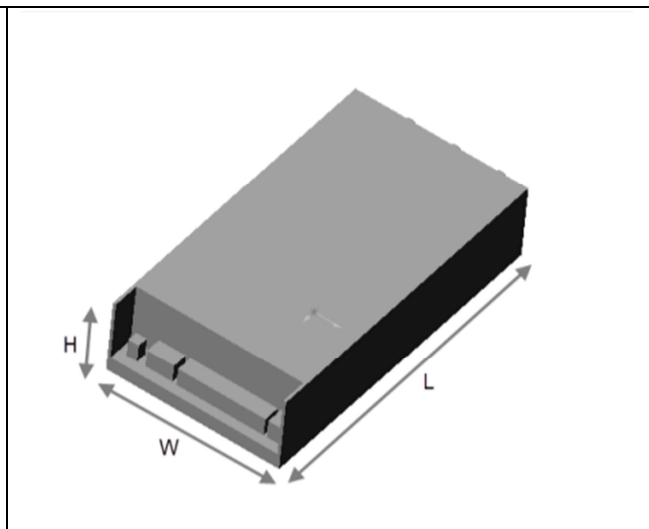

Dimension : 215mm x 115mm x 50mm

Weight : 0.9 kgw

Warranty : 1 year

Wall mount accessories

Dimension : L x W x H : 215x 115 x 50 (mm)
